

3-3) and you also exported or imported that same Schedule 3 chemical in excess of 30 metric tons, you may report the export or import by:

(A) Completing question 3-3.3 on Form 3-3 on your declaration for that same Schedule 3 chemical to be reported; or

(B) Submitting, separately from your declaration, a Certification Form, Form 3-1, and a Form 3-3 for each Schedule 3 chemical to be reported, completing only question 3-3.3. Attach Form A, as appropriate; Form B is optional.

(ii) If your plant site declared production of a Schedule 3 chemical and exported or imported a different Schedule 3 chemical in excess of 30 metric tons, you may report the export or import by:

(A) Submitting, along with your declaration, a Form 3-3 for each Schedule 3 chemical to be reported, completing only question 3-3.3. Attach Form A, as appropriate; Form B is optional; or

(B) Submitting, separately from your declaration, a Certification Form, Form 3-1 and a Form 3.3 for each Schedule 3 chemical to be reported, completing only question 3-3.3. Attach Form A, as appropriate; Form B is optional.

(2) If you are an undeclared plant site or trading company, or any other person subject to the CWC, you must submit a Certification Form, Form 3-1, and a Form 3-3 for each Schedule 3 chemical to be reported, completing only question 3-3.3. Attach Form A, as appropriate; Form B is optional.

(c) *Quantities to be reported*—(1) *Calculations*. If you exported from or imported to your plant site or trading company more than 30 metric tons of a Schedule 3 chemical in the previous calendar year, you must report all exports and imports of that chemical by destination, and indicate the total amount exported to or imported from each destination. Only indicate the total annual quantity exported to or imported from a specific destination if the total annual quantity to or from that destination is more than 1% of the applicable threshold (i.e., more than 0.3 metric tons). However, in determining whether your total exports and imports worldwide for the year in question trig-

ger a report requirement, you must include all exports and imports, including exports and imports falling within the 1% exemption in your calculation.

(2) *Rounding*. For purposes of reporting exports and imports of a Schedule 3 chemical, you must total all exports and imports per calendar year per recipient or source destination and then round to the nearest 0.1 metric tons.

NOTE TO § 714.3: Under the Convention, the United States is obligated to provide the OPCW a national aggregate annual declaration of the quantities of each Schedule 3 chemical exported and imported. The U.S. Government will *not* submit your company-specific information relating to the export or import of a Schedule 3 chemical reported under this § 714.3. The U.S. Government will add all export and import information submitted by various facilities under this section to produce a national aggregate annual declaration of destination-by-destination trade for each Schedule 3 chemical.

#### **§ 714.4 Advance declaration requirements for additionally planned production of Schedule 3 chemicals.**

(a) *Declaration requirements*. (1) You must declare additionally planned production of Schedule 3 chemicals after the annual declaration on anticipated activities for the next calendar year has been delivered to BIS if:

(i) You plan that a previously undeclared plant on your plant site under § 714.2(a)(1)(iii) will produce a Schedule 3 chemical above the declaration threshold;

(ii) You plan to produce at a plant declared under § 714.2(a)(1)(iii) an additional Schedule 3 chemical above the declaration threshold;

(iii) You plan to increase the production of a Schedule 3 chemical by declared plants on your plant site from the amount exceeding the applicable declaration threshold to an amount exceeding the applicable inspection threshold (see § 716.1(b)(3)); or

(iv) You plan to increase the aggregate production of a Schedule 3 chemical at a declared plant site to an amount above the upper limit of the range previously declared under § 714.2(a)(1)(iii).

(2) If you must submit a declaration on additionally planned activities because you plan to engage in any of the activities listed in paragraphs (a)(1)(i)

through (iv) of this section, you should also declare any changes to the anticipated purposes of production or product group codes. You do not have to submit a declaration on additionally planned activities if you are only changing your purposes of production or product group codes.

(b) *Declaration forms to be used.* If you are required to declare additionally planned activities pursuant to paragraph (a) of this section, you must complete the Certification Form and Forms 3-1, 3-2, and 3-3 as appropriate. Such forms are due to BIS at least 15 days in advance of the beginning of the additional or new activity.
